PAWS WALK BASICS!

THE ANIMALS NEED YOU! HERE'S WHY:

The New Hampshire SPCA cares for thousands of animals each year, but each case is unique and often full of complexities. This is true in the case of Rudy, pictured below, who came to us in need of some tender love and care. He had severe hair loss and several medical issues. Combine this with old age and it seemed as though Rudy had lost hope. Thankfully, our medical staff was able to diagnose and treat Rudy. When he began feeling better we were finally able to see his loving personality shine through! It's because of people like you that we are able to provide the care and love Rudy and all the other animals need to get strong and ready for their forever home.

By walking on June 3rd, you make second chances and forever homes possible for animals like Rudy.
